Section 2: AACC Course Selection Details

GENERAL EDUCATION

Students must note the following general education requirements:

Diversity Requirement: Students must select an approved **diversity course** for their second Arts & Humanities or Social & Behavioral Science course in order to satisfy AACC degree requirements.

Arts & Humanities: Students must complete their second Arts & Humanities GER course in a subject other than COM in order to meet AACC degree requirements.

Social & Behavioral Sciences: Students must complete their second Social & Behavioral Sciences GER course in a subject other than ECO in order to meet AACC degree requirements.

The following information explains the transfer of students' general education program:

TU will recognize the courses in Table 1 (see section 1) as a completed general education program. Students will receive a core package that satisfies most of the TU Core Curriculum without the need for course-by-course placement in specific Core Curriculum requirements.

Students will only need to complete two Core Curriculum requirements at TU: Advanced Writing Seminar (Core 9) and Ethical Perspectives (Core 14). If an ethics is taken for the non-COM Arts & Humanities course at AACC, students will complete a different requirement than Core 14.
