Students who do not complete general education courses as outlined here may be required to complete additional CORE courses at TU.

1. An ethics course is recommended.
2. Students who do not complete general education courses as outlined here may be required to complete additional CORE courses at TU.
3. An ethics course is recommended.

Students should complete PHYS 201 General Physics I Lab (01) as a program elective. It is recommended to complete this at the same time as PHYS 201 General Physics: Mechanics & Particle Dynamics (01). Both lecture and lab must be completed in order to receive the PHYS 201 equivalent at TU. Students who do not complete the lab will only receive PHYS 111 credit and will be required to complete PHYS 201 or 201 at TU. NOTE: PHYS 201 and 202 satisfy the 11 major requirement of PHYS 011 and 012.
