

2+2 Articulation Agreement for Harford Community College and Towson University

This section outlines the courses which students must take for general education and program requirements in order to complete both the associate's and bachelor's degrees within a total of 4

This section explains any specific course selections made in section 1. To qualify for this agreement, students must follow the course selections outlined in this document. Students who do not complete any or all of the courses outlined in this agreement will be required to complete outstanding requirements at TU.

GENERAL EDUCATION

The following information explains the transfer of students' general education courses:

- TU will recognize the courses in Table 1 (see section 1) as a completed general education program. Students will receive a core package that satisfies most of the TU Core Curriculum without the need for course-by-course placement in specific Core Curriculum requirements.
- When a course selection is not specified for a general education requirement, students may choose any course. Course selections for general education requirements are specified in this agreement only if they are specified in the Harford CC catalog or if they will satisfy a TU major requirement.
- Based on the completion of 37 credits of general education coursework in this program, students will only need to complete one Core Curriculum requirement at TU. Students must complete the Advanced Writing Seminar (Core 9). This requirement will be satisfied by a course required in the major at TU.
- Several Harford CC program requirements will be applied to TU's Core Curriculum because they are also general education courses: CMST 101 Speech Fundamentals (GI), PSY 101 General Psychology (GB), CMST 210 Group Communication and Leadership (GH), and PHIL 205 Ethics (GH).
